The San Marco Hotel is ideally situated in the exclusive Mykonian area of Houlakia Bay, a place of natural beauty, just 4.5km north of the Town of Mykonos. Right on the natural beach, a preserved archaeological site, the hotel hugs the gently sloping hill that overlooks the bay and the small isle of Delos.

Beautifully designed in authentic Mykonian style with white-washed and stone walls, wooden pergolas and over-hanging balconies, this luxuriously appointed hotel has spacious guest rooms, newly renovated with traditional charm yet equipped with the most contemporary comforts.

Here you will reside in comfort and luxury while enjoying the warm Greek hospitality, healthy Mediterranean cuisine at the Veranda restaurant, the soothing services of the Spa and of course, a never-ending view of the blue waters of the Aegean Sea.
